

ROAD PETITIONS
GILLINGHAM, W.

To the Hon County Court of Fairfax Co Virginia
We the undersigned Commissioners appointed by
the court to view a way for a proposed road from
Gum Spring to Mt Vernon - Respectfully report
that we have examined the route proposed
and do recommend that a Public Road
be laid out along the boundary line
of the following land holders - Lovelace
Brown - W & E. Mc Williams - J. A Washington
heirs - Lloyd Washington - J Norman Gibbs
Alfred W. Way - and the Mt Vernon Ladies
Association - Beginning at the Gum Spring
at the crossing of Little Hunting Creek with
the road from Accotink to Alexandria and
ending at the place known as the "Porter
Sedges" or "White Gate" at the entrance
to Mt Vernon, and intersecting at that point
with a Public Road known as the "Mount
Vernon Lane" - We would further state
that this route does not pass through
the yard - garden - or orchard - of any person
but on the other hand - it passes along or
near about the line of an old road that
has been open for many years - and is a
Public Necessity
